

Reduce Plastic | Make Life Green

BAGASSE  
TABLEWARE  
BIODEGRADABLE  
FOOD PACKAGING

Exporting Worldwide | Office Location: India, China

# FACTORY EXHIBITION

## PRODUCTION EQUIPMENT

Automatic Manufacturing Production Lines can provide fast delivery time and huge production capacity.

## QUALITY INSPECTION

All products through the dust-free workshop production, after manual inspection to keep the high quality.

## PACKING WORKSHOP

non-staff are prohibited to enter the packaging workshop. Packaging can be customized according to requirements.

## WAREHOUSE

Abundant inventory and various products meet customers' purchasing needs.

Rich Export Experience

# BAGASSE ADVANTAGES

The bagasse products can be completely decomposed into non-toxic components that will not harm the earth because it is already organic.

Microwavable  
& Freezer safe

-18°C

200°C

Sustainable  
& No Plastic

Delivery

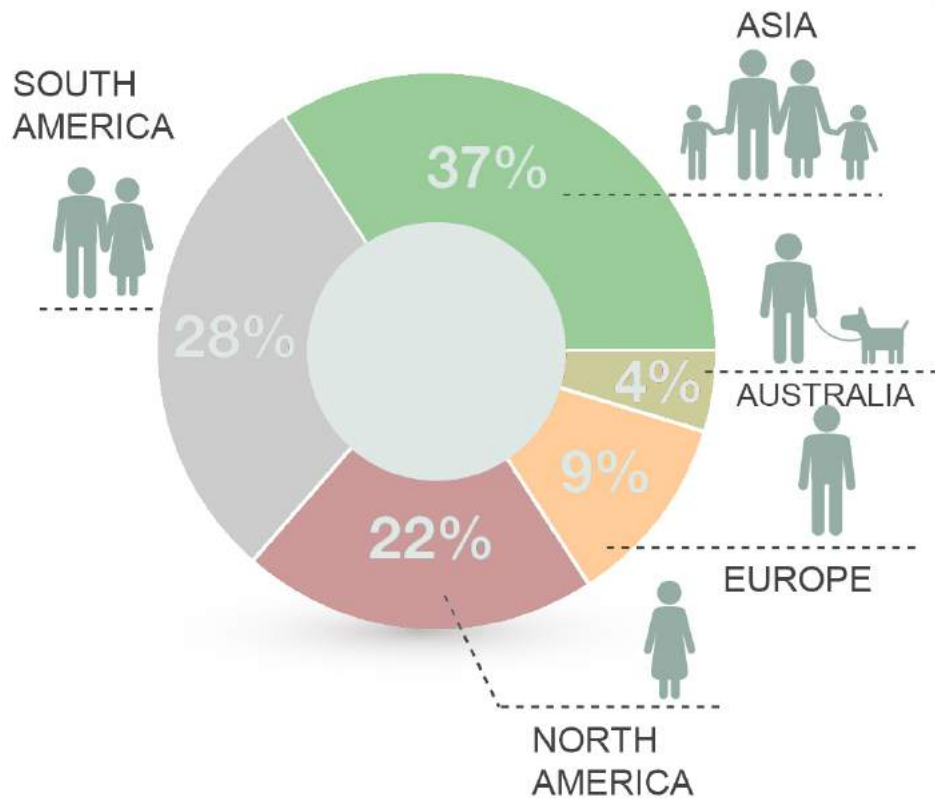

Compo  
stable

No trees need to be cut down and the bagasse waste was given a new lease of life. The compost residues can fertilize and improve soil health. We choose a new material also a new lifestyle.

# COMPANY PROJECT

Business scope has spread all over the world, Focus on environmental food packaging business.

## BUSINESS SCOPE

### CLAMSHELL BOX

Clamshell box is the best seller all over the world. It's convenient for food delivery.

### BAGASSE PLATE

Bagasse plates are the most frequently used in every circumstance.

### BOWL WITH LID

Bagasse bowl with PET lids are good partners for the restaurant.

### PACKAGING BOX

The packaging boxes are hot sales in Asian countries, they like the natural color better.
